

THE STATE OF NEVADA
CERTIFICATE OF APPROPRIATION OF WATER

WHEREAS, J.B. Humphrey, Secretary-Treasurer of United Cattle & Packing Company, has presented to the State Engineer of the State of Nevada Proof of Application of Water to Beneficial Use, from

Antelope Spring

through pipeline, reservoir and troughs for stockwatering

purposes. The point of diversion of water from the source is as follows: in the S. part of N.

Sec. 21, T. 5 N., R. 45 E., M.D.B.& M.L.

situated in Nye County, State of Nevada.

Now Know Ye, That the State Engineer, under the provisions of Section 72, Chapter 140, Statutes of

September 11th, 1913, has determined the date, source, purpose and amount of such appropriation, together with the place to which such water is apportioned, as follows:

Name of appropriator: United Cattle & Packing Company

Postoffice address: Care W.M. Kearney, Reno, Nevada

Amount of appropriation 0.0045 of a cubic foot of water per second.

Period of use, from January 1st to December 31st of each year, inclusive.

Date of priority of appropriation September 11th, 1913, to mining land

Description of works of diversion and use: A dugout is used to collect

water of rain and snow runoff. Water is developed by excavating spring thus forming a reservoir about 10 feet in diameter. It is then conveyed through 100 feet of one inch pipe to watering troughs, where it is conserved for stockwatering purposes.

The right to water hereby determined is limited to the amount which can be beneficially used, and to the amount above specified; and the use is restricted to the place where acquired and to the purpose for

acquired.

IN TESTIMONY WHEREOF, I, Robert A. Allen, State Engineer

of Nevada, have hereunto set my hand and the seal of my office,

26th day of December, A.D. 1923.

Robert A. Allen
State Engineer
